

UGPG² IRE Management is committed to

1. Complying with the Irish statutes and EU regulations applicable to the operation and will take the necessary actions required to implement and maintain compliance.
2. Continually improving environmental performance by establishing goals, and plans to achieve these goals, and these goals are reviewed and revised as required on a regular basis.
3. Preventing pollution and reducing environmental impact by controlling emissions, discharges and disposals and by the use of appropriate processes, materials and practices.
4. Maintain a Zero Waste Site (95% or greater) Target.
5. Using environmentally safe, sustainable and recyclable resources wherever possible, and financially viable, with minimum waste and efficient use of energy.
6. The use of ISPM15 Timber standard material for the sustainable management and protection of Tree species.
7. The preference of selecting FSC/PEFC compliant timber and cardboard.
8. Regular reporting on environmental performance.
9. Identifying and including in the strategic planning and annual budgeting process, projects and initiatives designed to improve and/or enhance environmental performance by the pursuit of defined targets.
10. making employees aware of the requirements of the environmental management system and their roles within it.
11. Ensuring that the necessary resources are provided to implement this policy and reviews it annually for effectiveness and continuing suitability.
12. Making the policy available to interested parties, including the general public, who may be affected by the environmental performance.

Responsibility

The Directors of UGPG² IRE are responsible for the sites environmental programme.
